This architectural floor plan illustrates a 10-story residential building with a symmetrical layout. The plan is divided into two main wings, each containing a central staircase and a series of residential units. The units are color-coded by floor: yellow for the ground floor, light blue for the first floor, light orange for the second floor, light green for the third floor, and light purple for the fourth floor. Each unit is meticulously detailed with room layouts, including bedrooms, living areas, and bathrooms. Area calculations are provided for each room and unit, with some units also showing a breakdown of room areas. The plan includes structural elements such as walls, columns, and stairs, as well as furniture and fixtures like beds, sofas, and kitchen units. The overall dimensions of the building are indicated by a grid system at the bottom, with a total width of 7000 units and a total depth of 28000 units. The plan is a technical drawing that provides a comprehensive overview of the building's layout and design.
